 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all sections**.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Hegar's sign.
- b) Denominatorans and position of fetus.
- c) Anterior Fontanelles.
- d) Quickening.
- e) Show in labor pains.
- f) Define Abruption placentae.
- g) Placenta accreta.
- h) Placenta succenturiata.
- i) Pawlik's grip.
- j) Symphysis fundal height.
- k) Anencephaly.
- l) Cord prolapse.
- m) What do you mean by mongolian spots?
- n) Frequency of breast feeding.
- o) Cephalhaematoma.

2. Write short answer (any four out of six):

- a) Implantation.
- b) Hyperemesis gravidarum. ✓ vomiting
- c) Threatened abortion.
- d) Uterine inertia. inversion
- e) Cephalopelvic disproportion.
- f) Importance of breast feeding.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- W ✓ a) Signs and symptoms in second trimester of pregnancy.
- ✓ b) Hydramnios. → ↑ 200ml
- ✓ c) Abruptio placentae.
- d) Dilatation and evacuation.
- ✓ e) Subinvolution of uterus.
- ✓ f) Apgar score.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- a) Write in detail about fetal circulation. Give special emphasis on changes after birth.
- ✓ b) Describe hydatidiform mole, its types, clinical features and complication.
- ✓ c) Write the indications, types, procedure and complications of caesarean section.
- ✓ d) Define a preterm infant, write its clinical feature, management and complications in detail.

Long answer question (any one from Q. No. 5, 6 and 7)

✓ 5. Define pre-eclampsia, write its clinical features, investigations, complications and management in detail. [1 × 20 = 20]

✓ 6. Describe breech delivery and its types. Add a note on its management and complications. [1 × 20 = 20]

✓ 7. Define asphyxia neonatorum, write its causes, clinical features, complications and management in detail. [1 × 20 = 20]

Third B.H.M.S. (New) Examination, Summer - 2021
OBSTETRICS AND GYNAECOLOGY - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]
- | | | |
|---|---|----|
| a) Define Oligomenorrhoea. | 2 | 15 |
| b) Define puberty menorrhagia. | 1 | |
| c) Define Metrorrhagia and two causes of it. | 2 | |
| d) Four causes of secondary amenorrhoea. | 2 | |
| e) Four features of senile vaginitis. | 2 | |
| f) Define cryptomenorrhoea. | 2 | |
| g) Two Investigations of carcinoma of cervix. | 1 | |
| h) Define Adenomyosis. | 2 | |
| i) Write indications of D & C. | 2 | |
| j) Two indications of hysterectomy. | 2 | |
| k) Define PCOD. | 2 | |
| l) Teratozoospermia. | 1 | |
| m) Fallopian tubes. | 1 | |
| n) Ideal Contraception. | 1 | |
| o) Condom Advantages and Disadvantages | 2 | |

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- ✓ ~~a)~~ Puberty
- b) Causes and types of Genital prolapse
- c) Stages of Carcinoma of cervix
- ✓ ~~d)~~ Barrier methods of contraception.
- ✓ ~~e)~~ Natural Family Planning Method.
- ✓ ~~f)~~ Hymen abnormality.

15
30
16
61

3. Write short answer (any four out of six) [6

[4 × 5 = 20]

- ✓ ~~a)~~ Menopausal Syndrome. 3
- b) Vulvovaginitis.
- ✓ ~~c)~~ Vaginismus. 5
- ✓ ~~d)~~ Define & describe types of dysmenorrhoea. 4
- ✓ ~~e)~~ Write a note on precocious puberty. 4
- ✓ ~~f)~~ Indications of HSG.

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- ✓ ~~a)~~ Define DUB. Explain its Types, Clinical features, Investigation and Treatment. 10
- b) Describe in detail Cervical Erosion.
- c) Define endometriosis, describe its sites, theories and management.
- ✓ ~~d)~~ Define and Describe in detail menopausal symptoms, genital organ changes during menopause and management. 5

Long answer question (any one from Q. No. 5, 6 and 7)

5. Define Uterine fibroid and describe in detail types Clinical features and secondary changes in fibroid Investigations and Management. [1 × 20 = 20]

6. Discuss IUCD with its types of Intrauterine Contraceptive Devices, Indications, Contraindications, Mode of action and Complication of Intrauterine Contraceptive Devices. [1 × 20 = 20]

7. Define and discuss Infertility with its types, Cause, Investigation and Management of Infertility in females and males. [1 × 20 = 20] 15

**Third B.H.M.S. (New) Examination, Summer - 2021
OBSTETRICS AND GYNAECOLOGY-III**

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]

- a) Enumerate any 2 remedies for precocious puberty.
- b) Write down 2 specific characteristic of pain in Sabina and Colocynth for dysmenorrhoea.
- c) Write down 2 indications of Caladium and Picric acid for Pruritus vulvae.
- d) Write down characteristic symptoms of Pulsatilla for Amenorrhoea.
- e) Enumerate 4 remedies for Ca Endometrium.
- f) Write 4 indications of Calcarea carb for PCOD.
- g) Write down 2 remedies for Preoperative and Postoperative care during Hysterectomy.
- h) Write down indications of Millefolium for Puberty menorrhagia.
- i) Write down 4 indications of Secal-cor in irregular Labour Pains.
- j) Write Ipecac for Vomiting during pregnancy.
- k) Enumerate any 2 remedies for Threatened Abortion.
- l) Write down 2 indications of Aloe socotrina for Piles during pregnancy.
- m) Enumerate 4 remedies for Deficient Lactation.
- n) Write 4 indications of Argentum Nitricum for Ophthalmia Neonatorum.
- o) Enumerate 4 remedies for Neonatal jaundice.

2. Write short answer (any four out of six):

[4 × 5 = 20]

- 5 ✓ ~~a)~~ Write in short Graphites and Natrum mur for Menopause.
- 5 ✓ ~~b)~~ Write in short Borax and Alumina for Leucorrhoea.
- 3 ✓ ~~c)~~ Discuss in short any 2 remedies for Vaginismus.
- 3 ✓ ~~d)~~ Veratrum album for Puerperal psychosis.
- 3 ✓ ~~e)~~ Write the role of Natrum sulph for Head injury in Neonates.
- 3 ✓ ~~f)~~ Write the role of Bryonia alba and Hepar sulph in Mastitis.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- 5 ✓ ~~a)~~ Write down indications of Trillium pendulum for DUB.
- 3 ✓ ~~b)~~ Write the role of Silicea in pelvic abscess.
- 3 ✓ ~~c)~~ Write down indications of Kreosote for Cervical carcinoma.
- 3 ✓ ~~d)~~ Write in detail indications of Sepia for Abortion.
- 3 ✓ ~~e)~~ Write down the role of Sabina in Retained placenta.
- 3 ✓ ~~f)~~ Discuss Antimonium tartaricum for Asphyxia neonatorum.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- a) Describe in detail the role of Sulphuric acid and Carbo animalis in Cervical Erosion.
- 5 ✓ ~~b)~~ Write in detail Thuja and Hydrastis for Uterine fibroid.
- 5 ✓ ~~c)~~ Write in detail about working knowledge of Nux vomica and Glonine in Pregnancy induced hypertension.
- ✓ ~~d)~~ How will you manage a case of Prolonged labour with Gelsemium and Cimicifuga.

Long answer question (any one from Q.No. 5, 6 and 7):

5. Define prolapse of uterus, write down its types and give homoeopathic management with Lilium tig, Collinsonia, Helonias and podophyllum.

[1 × 20 = 20]

18 ✓ ~~6.~~ Discuss in detail an approach of homoeopathy towards a case of infertility and give homoeopathic management of Male infertility with 4 homoeopathic drugs.

[1 × 20 = 20]

7. Define PPH. Discuss in detail its causes, types and homoeopathic management with Hammamellis, Ipecac, Secale cor and Nitric acid.

[1 × 20 = 20]

Third B.H.M.S. (2015) Examination, Summer - 2021
GYNAECOLOGY & HOMOEOPATHIC THERAPEUTICS - I

Total Duration : 3 Hours

As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Gametogenesis.
- b) Disorder's of Puberty.
- ~~c) Uterus Didelphys.~~
- d) Ovulation.
- ~~e) Diagnosis of menopause.~~
- ~~f) STUMP Carcinoma.~~
- g) Indication's of Intrauterine Insemination.
- ~~h) Mode of action of combined oral contraceptive Pills.~~
- i) Colposcopy.
- ~~j) Millefolium in Menorrhagia.~~
- k) Agaricus in Dysmenorrhoea.
- l) Euphrasia in Amenorrhoea.
- m) Ambra grisea in Leucorrhoea.
- ~~n) Carbo Animalis in Cervical erosion.~~
- ~~o) Four remedies for Vaginitis.~~

2. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Cryptomenorrhoea.
- b) Endometriosis.
- c) Aetiology of PID.
- d) Genital Fistulae.
- e) Tubectomy.
- f) Endoscopy in Gynaecology.

3. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Role of Graphites and Lachesis in menopause.
- b) Menstrual complaints of Bovista.
- c) Role of Trillium Pendulum and Kreosote in Uterine Polyp.
- d) Role of Cocculus and Arnica in Vaginismus.
- e) Role of Thuja and Kreosote in Uterine Fibroid.
- f) Role of Caladium and Platina in Pruritus Vulvae.

4. Long answer question (**any two** out of four)

[2 × 10 = 20]

- a) Define DUB and discuss the role of Nux vomica, Lachesis and Cinchona officinalis in DUB.
- b) Define Vulvitis and discuss the role of Mag Phos, Belladonna and Dulcamara in Acute Vulvitis.
- c) Define Trichomoniasis and give indication's of Belladonna, Kalicarb and Hepar sulph for Trichomoniasis.
- d) Define Mastitis and discuss the role of Bryonia, Pulsatilla and Phytollaca in Mastitis.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Define Dysmenorrhoea. Write aetiology, types, clinical features and Explain Sabina, Belladonna, Mag phos, and Pulsatilla for Dysmenorrhoea.

[1 × 20 = 20]

6. Discuss Dilatation and Curettage with indications, step's of Operation and Complication's.

[1 × 20 = 20]

7. Define Infertility, causes of male and female infertility and explain Nat mur, Sepia, Platina and Calc Phos for infertility.

[1 × 20 = 20]

Third B.H.M.S. (2015) Examination, Summer - 2021
OBSTETRICS, INFANT CARE AND HOMOEOPATHIC
THERAPEUTICS - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Def-Ectopic pregnancy.
- b) Amniotic fluid index.
- c) What is puerperium & its duration?
- d) Define Decidua
- e) Define colostrum.
- f) Define Gravida & Parity.
- g) Define Long and Short cord.
- h) Define Quikening.
- i) Define IUD.
- j) Enumerate 4 remedies for backache during pregnancy.
- k) 4 indications of Collinsonia for piles during pregnancy.
- l) Any 4 indications of Silicea in Hydatidiform Mole.
- m) Any 4 indications of Ant-tart in Asphyxia neonatorum.
- n) Name 2 remedies for poor lactation.
- o) Name 2 remedies for perineal tear.

2. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Stages of normal labour.
- b) Threatened abortion.
- c) Inversion of uterus
- d) Systemic changes in pregnancy.
- e) Episiotomy.
- f) Features of Healthy newborn.

3. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Indications of Calcarea carb & Alumina for pica during pregnancy.
- b) Sepia in abortion.
- c) Ars -alb & Phosphorus in hyperemesis gravidorum.
- d) Role of Cimicifuga in false labour pains.
- e) Indications of 2 remedies for retained placenta.
- f) Belladonna in ophthalmia neonatorum.

4. Long answer question (**any two** out of four)

[2 × 10 = 20]

- a) Define diabetes in pregnancy. describe importance of GTT. Explain effect of diabetes on mother and baby. Give management with any two remedies.
- b) Explain toxæmia of pregnancy in relation with def, c/f & write indications of 2 drugs for it.
- c) Write in detail about LSCS.
- d) Describe jaundice in newborn with def, types, causes. Write indications of any 2 remedies for it.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Define APH. Write Def, causes, c/f of Abruptio placenta & give indications of 2 remedies for it.

[1 × 20 = 20]

6. Define Obstructed labour? Write its causes, c/f, & role of Chammomilla, Opium, Pulsatilla in it.

[1 × 20 = 20]

7. Define Puerperal pyrexia? Write its clinical features & indications of 3 remedies for it.

[1 × 20 = 20]
